

## Open data to support pandemic preparedness

What difference will the BY-COVID project make and what does it mean for citizens? The project has produced citizen engagement material, which has been compiled into a teaching toolkit in five languages.

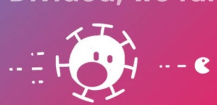

Explore the full set of material online: <https://by-covid.org/usecases>

### COMBINING DATA

United, we stand

Divided, we fall

### FAIR DATA

Data are priceless,

when you give them meaning.

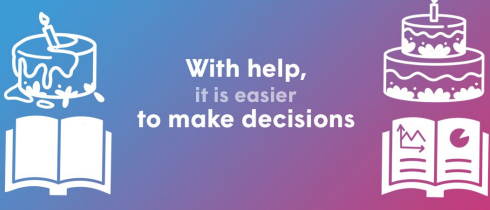

### CITIZEN TRUST

Our data protect us.

### POLICY ACTION

With help, it is easier to make decisions

Better data Better knowledge 

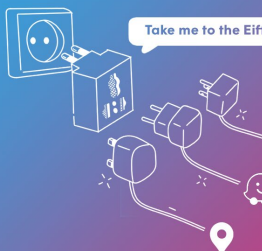

### DATA FEDERATION

Data visiting is the new data sharing.

### METADATA

Take me to the Eiffel Tower!

Good standards, many connections.
